Subject: ORD Preliminary Comments: OIG Discussion Document on Scientific Integrity

Good afternoon Maureen,

Please find attached the ORD comments on the IG discussion document on implementation of the Agency's the scientific integrity policy.

Ex. 5 Deliberative Process (DP)

It's our understanding that ORD will have another opportunity to review the draft report. We're hoping to be able to maximize the amount of time for IOAA review, so please let us know once OPARM receives the follow-up.

Thank you!
